In one of the most privileged areas of the Costa Blanca stands a new residential concept that redefines life in Calpe. This exclusive project, built on an extensive plot of more than 5,000 m², offers an environment of spaciousness, natural light and privacy, ideal for those seeking quality of life in a unique coastal enclave. Modern architecture and functional design combine to create a residential complex designed for comfort and daily well-being.

OUTDOOR AREAS

The design of the residential complex has been conceived to maximize outdoor enjoyment, with more than 3,000 m² dedicated to gardens, sports areas and leisure spaces. Its facilities include a large communal swimming pool surrounded by green areas, recreational spaces and areas designed for exercise and relaxation. All this in a quiet, safe environment and with a feeling of spaciousness unusual in the area.

INDOOR AREAS

The homes, available in different typologies -ground floor, apartments and duplex penthouses-, have 2 or 3 bedrooms, large terraces and solariums on the upper floors. Their interiors have been designed with an open layout that enhances the entry of natural light. The kitchens and bathrooms come fully equipped, and the finishes can be customized, allowing each owner to create a home tailored to their style. The quality of the materials can be seen in every corner, from the floors to the enclosures.

COMMON AREAS

The complex offers unique spaces in which to socialize, practice sports or simply relax. Its extensive common areas include sports areas, a large swimming pool, landscaped areas and recreational spaces. Every detail has been designed to favor a comfortable, healthy life in contact with nature, without renouncing the proximity to the sea, services and the vibrant gastronomic and leisure offer of Calpe.
