The living room connects the exterior with the interior with large glazed spaces so you can always be watching your porch. Going upstairs, we find some rooms designed consciously, since the rest area is a vital part of any home. The master bedroom has an en suite bathroom and a dressing room, while the rest enjoy cross ventilation throughout the upper floor and fitted closets, and could not miss a solarium where you can enjoy the sunsets by the sea which is accessed by the staircase inside the house.
